TEKBRIGHT

In Touch with Tomorrow
TOSHIBA

You'll want to be seen with the Toshiba Tekbright monitor.

Take it from Toshiba. If you're looking for a monitor that'll live up to all its promises, they're here: the Tekbright 510V or Tekbright 700P. The Toshiba monitors for the Equium Series display image and text quite brilliantly. The Tekbright 510V 15" monitor with flat-square picture tube captivates with its fantastic colour quality. And the Tekbright 700P 17" monitor with Toshiba Microfilter™ technology offers the highest contrast and colour density. Treat yourself to another look. At your local Toshiba dealer.
